Objective

Looking to join as an intern at a design team where I can explore exciting ways to mix data & design.

Experience

- Aug 2011
– Jun 2012 **Capillary Technologies, Bangalore**
UX Designer
Worked on redesign of Capillary's Customer Engagement products and complete design (wireframing to front-end design) for their new Analytics & Visualization product.
Tools Balsamiq, Fireworks, Photoshop, HTML & CSS
- Jul 2010
– Dec 2010 **Tekriti Software, Gurgaon**
Interaction Designer (Intern)
Worked for NDTV (Set of niche news websites), Plantronics (iPhone App), CafeGive (Improving UX & Add-on UI Design), CareRally (UI Design for a networking site for Patients & Doctors).
Tools Axure, Balsamiq, MockFlow, Flash
- May 2008
– Jul 2008 **CFTRI, Mysore**
UI Developer (Intern)
Conducted Usability Analysis for the old Customer Inquiry Collection and developed a new app for Windows platform with a redesigned UI.
Tools Visual Studio (C#)

Education

- Jun 2012
– Present **NID R&D Campus**
PGDPD Information & Interface Design
Focus area: Data Visualization
- Jul 2007
– May 2011 **BITS Pilani, Goa Campus**
B.E. (Hons) Computer Science Engineering
Focus area: User Interface Design

Volunteer

Motoco India (Swiss Open Design Movement),
APCHI, IndiaHCI, IxDA, UX India, Techease,
MetaRefresh, Droidcon India, Design Day

Projects

- Oct 2013
(1 month) **Visualizing 500 Days of Summer**
"How is the non-linear narrative of 500 Days of Summer structured?"
<http://bit.ly/500DaysViz>
- Apr 2013
(1 month) **Roulette: Reliving Memories**
"How can we build a habit around reliving past memories in a social & engaging way?"
Entry for Microsoft Design Expo'13
<http://bit.ly/RouletteMSR>
- Aug 2013
(1 week) **Visualizing Trains in India**
"How do the 4 Metros connect the rest of India through trains?"
<http://bit.ly/TrainViz>
- Jan 2011
(1 week) **SmartStick for night guards**
"How can we make the mundane job of college night guards more interesting & engaging for them?"
Made at MIT Media Lab Workshop (India)
